EDUCATION

2022-2025

- Savitribai phule Pune University
- CGPA : 9.07

2019 - 2021

- Diploma in Computer engineer
- Grade : 78.55%

2018 - 2019

- Jay Hind High School
- SSC : 70.31%

SKILLS

- **Programming Languages:** Python, C, C++, java, SQL
JavaScript, PHP, Data analysis
- **Frontend & Backend:** HTML, CSS, JavaScript, React, Django
- **Databases & Tools:** MySQL, SQL, MongoDB, VScode, Pycharm, Jupyter Notebook
- **Soft Skills:** Team Collaboration, Time management, Adaptability to new technologies, Problem solving.

PROFILE

Python Full Stack Developer (Fresher) with hands-on experience in Python, Django, REST APIs, HTML, CSS, and JavaScript. Built real-time web applications with CRUD operations, authentication, and database integration. Eager to start as an entry-level developer.

PROJECT

■ Online Voting System

PHP, HTML, CSS, JavaScript, MySQL

- Developed a secure and user-friendly web-based voting platform to facilitate online elections. Implemented user authentication for voters and administrators, real-time vote casting and result display, and role-based access control. Integrated MySQL for data storage and ensured data integrity with input validation and session management. Focused on usability, security, and scalability to simulate real-world election processes.

■ WhatsApp Chat Analysis

Python, Pandas, Matplotlib, Seaborn

- Developed a Python-based tool to analyze and visualize WhatsApp chat data for insights into user behavior and group dynamics. Processed exported .txt chat files to extract key metrics such as message frequency, word count, active hours, and emoji usage. Leveraged Pandas for data manipulation and Matplotlib/Seaborn for insightful visualizations.

■ Employee Management system in Django

Django, Python, SQLite, HTML, CSS, Bootstrap

- Built a web-based application using Django to manage employee data, roles, and departments within an organization. The system allows HR/admins to add, update, view, and delete employee records, streamlining internal management processes. Integrated user authentication, responsive design, and CRUD functionality to ensure security and usability

INTERNSHIP

• Java Full Stack Intern, kiran Academy | (Duration 3 Month)

- Completed hands-on training on Spring boot, RESTful API, and responsive UI development.

• Python Full Stack Developer - QSpiders, Pune | 2025

- Trained in Python, Django, SQL, HTML, CSS, JavaScript
- Developed real-time web applications using Django
- Worked on REST APIs and database integration

CERTIFICATION

- Programming with Python (by Alison)
- Python bootcamp (by Helium)
- Data analysis (by LinkedIn)
- Software testing (by LinkedIn)
- Front end development-CSS (by Great learning)
